Dear Colleagues!

Federal State Budgetary Institution of Science

Baikal Institute of Nature Management

Siberian Branch of the Russian Academy of Sciences

(BINM SB RAS)

Invites you to take part in the work of the

VIIIth school-seminar of young Russian scientists
"Problems of Sustainable Regional Development"
dedicated to the 25th anniversary of BINM SB RAS
will be held from **23** to **27 of June, 2016**

The school is conducted with the assistance of:
Federal Agency for Scientific Organizations
Russian Academy of Sciences
Siberian Branch of the Russian Academy of Sciences
Russian Foundation for Basic Research
Mendeleev Russian Chemical Society
Russian Geographical Society

The School-seminar of young Russian scientists "Problems of Sustainable Regional Development" will be held at the International Ecological and Educational Center "Istomino". The school has being held since 1999, once in 2-3 years. The VIIIth school-seminar of young Russian scientists is devoted to the 25th anniversary of the BINM SB RAS and is aimed at exchange of information, extension of contacts among young scientists, coordination of research works and sharing of scientific experience in the field of research on sustainable development issues. Traditionally, leading scientists of the Russian Federation and from abroad are actively involved in the work of the School to give lectures and seminars on the relevant areas of science. During the school-seminar young scientists are going to discuss a wide range of basic and applied scientific issues in the following areas:

1. Socio-economic problems of Sustainable Development of the regions of Russia.

2. Geo-ecological problems of the regions of Russia and the adjacent territories in the context of globalization and environmental changes.

3. Modern eco-friendly technologies of nature management and environmental protection.

4. Preparation of the perspective of organic, inorganic compounds and materials based on them.

As part of the school it is planned to make a tour to the All-Russian Center of Buddhism – Ivolginsky datsan.

The Organizing Committee invites leading scientists to lecture on these topics.

Venue:

International ecological and educational center "Istomino" (the shore of Lake Baikal is 140 km away from Ulan-Ude) http://www.binm.ru/istomino/.

Application for participation in the work of school-seminar:

To participate in the work of the school it is required **before February 1, 2016** to submit an application

for participation in the attached form to the Email: school-seminar.binm8@mail.ru. The file should be

attached and saved as: Surname (eng) _№ of section_forma.rtf. For example: **Petrov_2_forma.rtf.**

Attachment 2.

Materials submission guidelines for the VIII School-Seminar of Young Russian Scientists
"Problems of Sustainable Regional Development "
Formalization of materials:
The layout of the publication should be fully drawn by the authors, figures and tables are inserted properly into the text. ***It should not exceed 2 pages (A4 format).*** The electronic version of the text **should be titled by the last name of the reporter (Petrov_2_doklad.rtf)** and should be sent to the email: address school-seminar.binm8@mail.ru.

Materials should be submitted in Russian or English.
Common document properties (editor MS Word, version 6.0 or later, the format *.rtf, file must be titled by the name of the first author.):

☐ Page format – A4, portrait orientation. Font – Times New Roman, the main text – 11 pt, all the captions, titles and content of the tables and figures - 10 pt;
☐ Fields: top and bottom - 15 mm, left and right - 20 mm;
☐ Line spacing - single, no space before and after paragraph, indent the "red line" of 10 mm. Automatic hyphenations are disabled;
☐ Figures are placed in the text, do not put figures and formulas "over text";
☐ In decimals use "dot".

The circuit arrangement of materials:
1. Headline of work: CAPITAL LETTERS, bold, centered.
2. The list of authors: centered, first name (and patronymic if there is one) should be written by the initials after the last name, dots after the initials, initials are separated from each other and from the last name of a single space. Co-authors are separated by a comma. Emphasize the last name of the reporter and not his email address.
3. Name of organization: centered, the legal status of the organization is not indicated. If the work is carried out in several organizations, each organization is indicated in a separate line, in italics. In the names of Russian institutions write only the first word and proper nouns with a capital letter.
4. After the organizations titles - empty line.
5. Abstract text: full justification. If necessary, highlight the text using **bold**, *italic*, and underlining.
6. The references in the text must be in square brackets [1, 2, ...]. References must be listed at the end of the abstracts, and formatted according to the federal standard GOST 7.1-84 (**http://www.rl7.bmstu.ru/rus/useful/litexample.html**).
